

Common challenges

- Manual cutting of printed labels is extremely time-consuming and labour-intensive.
- Using cutting tools pose unnecessary risk to workers' safety.
- Tremendous efforts are taken to manage multiple label layouts with different dimensions.

Benefits of using PDF Splitting Tool

Save time and cost while driving productivity by rechanneling manpower for value-adding activities

- With PDF Splitting Tool, manufacturers do not have to spend time to assign workers to cut labels manually into desired size.

Reduce hazard and provide a safe environment for workers

- Workers do not have to handle cutting equipment which could cause potential safety incidents, thus providing peace of mind.

BEFORE:

Print labels on single page and cut manually into desired size

AFTER:

Split PDF data into individual labels using PDF Splitting Tool, then print each label in desired size

Applicable Industries

PDF Splitting Tool is built for users from any markets to directly print labels from PDF format using SATO's printers. It is especially ideal for manufacturers of Automotive, Electronics, Apparel, Steel, etc. to automate their printing of labels such as kanban and logistics labels, reduce resources such as time and manpower needed.

Peace of mind with one-stop solution
